Education

BRAC University — Merul Badda, Dhaka, Bangladesh
Bachelor of Science in Computer Science — *Feb. 2022 – Jan 2026*

- **Thesis:** Deep Learning Driven MRI Processing for ADHD Detection. Built a Graph Attention Network for classifying ADHD from resting-state fMRI data, achieving 71% accuracy and 0.805 ROC-AUC across 637 subjects from the ADHD-200 dataset. [GitHub]

Experience

FlyRank AI — Jul. 2026 – Sep. 2026
Backend AI Engineer Intern — *Remote*

- Developed backend services using Python while working with REST APIs, databases, authentication, and Docker-based deployments
- Built AI powered applications involving LLM integration, web scraping, PDF generation, and workflow automation
- Engineering projects covering lead management systems, AI workflows, usage metering, and scalable backend architecture

Fiverr — 2024 – Present
Video Editing & Automation — *Freelance | Level 2 Seller*

- Built Python scripts to scrape high-engagement Reddit content via APIs
- Automated script, voice, and subtitle generation using OpenAI APIs and Whisper
- Edited videos using Adobe Premiere Pro, After Effects
- Monetized clients' YouTube channels from scratch, generated over 20M+ views

Projects

Talent AQ | *Developer Interview Platform* — [GitHub] [Live link]

- **Stack:** React, Express.js, MongoDB, Stream, Clerk, Inngest
- Built a collaborative interview platform with realtime video calls, chat, and a shared Monaco code editor
- Integrated Clerk authentication with Inngest webhooks to sync users across MongoDB and Stream services
- Designed RESTful APIs for session lifecycle with role based host/participant access control
- Enabled in browser code execution via the Piston API

Memoir | *Notion Inspired Note Taking App* — [GitHub] [Live link]

- **Stack:** React, Supabase, PostgreSQL, Vercel
- Built a block based note editor supporting paragraphs, code snippets, and callouts with drag and drop reordering via dnd kit
- Implemented realtime data sync and secure authentication using Supabase with PostgreSQL

Technical Skills

Languages: Python · JavaScript · SQL · HTML/CSS
Frameworks & Libraries: React · Next.js · Node.js · Express.js · Tailwind CSS
Backend & AI: REST APIs · Docker · PostgreSQL · MongoDB · Supabase · OpenAI API · Inngest
Machine Learning: PyTorch · Scikit-learn · Pandas · NumPy
Tools: Git · GitHub · Postman · VS Code · Premiere Pro · After Effects

Certifications

MERN Stack Front To Back: Full Stack React, Redux & Node.js
